

APhA-ASP INNOVATIVE PROGRAMMING AWARD

Spring Gala Fundraiser and Silent Auction Regis University

Class of 2025
with Dean
Shau, APhA
Gala April 2
2022

The Annual APhA-ASP Spring Gala is a fundraising and networking event put on for our faculty, students, and rotation preceptors. Our 2022 gala was at the Denver Aquarium. Providing interactive and educational entertainment as we ran a silent auction fundraiser.

We consider the event a success. The auction raised almost \$4000 for outreach and event funds for our chapter and provided an environment for Regis affiliates to have positive face to face interactions, network with future employers and preceptors, and have an outlet for the stress from the upcoming finals.

We believe that providing a networking opportunity of this nature aligns with the APhA-ASP mission of professional growth for our student pharmacists.

Our student body wants us to host this again. Our gala committee this year is already looking at venues and prices. We have decided to extend invitations to our Alumni. Who may provide current students with coaching, employment, and new preceptor locations.
