IPSF Campaigns and Projects

"Think globally, act locally." **IPSF** events do not have to be international. Please see the official IPSF Projects and Programs Guide below. Other IPSF public health campaigns can be found by visiting IPSF and the World Health Organization official health days. APhA-ASP patient care events may be considered IPSF events thus collaboration between International Vice Presidents and the other patient care initiatives is strongly encouraged.

Introduction to International Pharmaceutical Students' Federation (IPSF)

“IPSF is an international non-governmental, non-political, non-religious and non-profit umbrella organisation for pharmacy student organisations and represents more than 500,000 pharmacy and pharmaceutical science students and recent graduates from over 100 countries worldwide. IPSF was founded in 1949, making IPSF the oldest faculty-based student organisation in the world.”

“IPSF initiatives focus on the areas of **public health**, **pharmacy education**, and **professional development**.

Initiatives include multiple public health campaigns, research on issues in pharmacy education and workforce development, the Student Exchange Programme, organising international and regional events, and publication of the IPSF newsletters in pharmacy education and student exchange, among other responsibilities.”
