

APhA-ASP National Officer Elections
Candidate for the Office of APhA-ASP Speaker of the House

Alex Spanenberg
Butler University College of Pharmacy & Health Sciences

aspanenb@butler.edu

GOAL STATEMENT

Hi! I'm Alex, and I'm passionate about becoming your next APhA-ASP Speaker of the House! I bring authenticity, advocacy, and leadership to the table, with a mission to serve and amplify your voice. With a successful track record of leading Indiana's student pharmacists and proven skills as a former Student Body Chief Justice at Butler University, I have the expertise to communicate and implement policies with precision. Join me in shaping the future of our profession and making a meaningful impact. Let's work together to bring your ideas to life!

BACKGROUND & EXPERIENCE

- **President-Elect, Indiana Academy of Student Pharmacists (2021-2022)**
- **Board Member (2021-2023)**
- **Legislative & Regulatory Council (2020-Present)**

Local Leadership Experience:

- **Butler University AMCP President (2022-2023)**
- **Butler University Student Body Chief Justice (2019-2021)**
- **Butler University Student Senator (2018-2019)**
- **Volunteer Adult Leader with Scouts BSA (2018-Present)**

PHILOSOPHIES ABOUT APhA-ASP

The programs and activities within APhA and APhA-ASP serve as a catalyst for positive change in our profession and communities. Our patient-centered initiatives empower us as student pharmacists to lead by example and make a meaningful impact in the world.

Through our association programs, we are also able to play an active role in shaping the future of pharmacy and elevating patient care and working conditions for pharmacists. It is truly inspiring to participate in the policy process and to witness the innovative ideas put forth by pharmacists and student pharmacists alike. The tangible outcomes of these efforts, resulting in improved patient care and advancements within our profession, are incredibly rewarding.

TALENTS & SKILLS

As a seasoned policy pro, I bring a unique combination of creativity, confidence, authenticity, and a detail-oriented approach to the table. My experience as a student senator at Butler University and as the Student Body Chief Justice, where I led the creation of the new judicial branch, has given me a strong foundation in policy development and implementation. I was instrumental in ensuring that decisions were made with accountability and equity in mind and documented in policies that would make a lasting impact. When my two-year term expired, I was proud of my legacy of building a strong and supportive institution that will benefit future students in years to come.

With a passion for advancing our profession and a proven track record of leadership, I stand apart from the crowd. My experience as a candidate for APhA-ASP National Office at last year's annual meeting and my tireless work leading a statewide student academy in Indiana showcase my dedication to our field. I have rallied fellow student pharmacists to advocate for provider status and fair pharmacy practices, utilizing my research skills to inform policy and my collaborative approach to amplify student voices. My efforts have earned recognition from the American Society for Pharmacy Law, and I am excited to bring my experience and passion for policy to the role of Speaker of the House.

With my knowledge of the APhA and APhA-ASP policy processes and a clear understanding of the crucial role policy plays in our profession, I hope to be a highly impactful and results-oriented Speaker of the House. I am eager to lead and empower you as we navigate the APhA-ASP policy process, ensuring that your voices are heard, and your views are represented every step of the way.
