APhA-ASP Standing Committee Application

Serving as a national leader for APhA Academy of Student Pharmacists (APhA-ASP) is both challenging and rewarding. The majority of the work of APhA-ASP is completed through APhA-ASP's Standing Committees each year. Members of the APhA-ASP Standing Committees play an important role in representing student members' views to the Association. Members of the standing committees participate in an official transition process, leadership development, and strategic discussions. In addition, monthly conference calls are conducted and an annual report on the Committee's work is delivered at the APhA Annual Meeting and Exposition.

Eligibility and Application Information

All APhA-ASP members in good academic standing (2.5 GPA equivalent or better) at their college or school of pharmacy are eligible to apply for a standing committee position. Applications are due annually on December 1. All appointments will be made by the APhA-ASP National Executive Committee in January and terms begin and end at the APhA Annual Meeting and Exposition.

Deadline

All application materials (including letters of recommendation) must be received by December 1, 2020 11:59 pm PT.

Questions

Please contact Crystal Atwell, APhA Director, Student & New Practitioner Development, at catwell@aphanet.org or (202) 429-7586.

PERSONALITY THEMES

Please complete this section to help the committee understand your working style, approach to problem solving, and communication methods.

The 16 Personalities Test uses a very simplified description of the Myers-Briggs theory. Please choose your personality type after taking the online test and let us know how or why this personality type describes you best?

If you need to take the assessment, a free version is available here:

Clifton StrengthsFinder™

<http://www.strengthsfinder.com/>

The Clifton StrengthsFinder™ measures the presence of 34 talent themes (strengths). Talents are people's naturally recurring patterns of thought, feeling, or behavior that can be productively applied. The more dominant a theme is in a person, the greater the theme's impact on that person's behavior and performance. Many student pharmacists have completed the StrengthsFinder® Test and if you have, please list your top 5 strengths and let us know how or why each strength describes you best.
